

Julius Knapp is Chief of the FCC's Office of Engineering and Technology (OET). OET is the Commission's primary resource for engineering expertise and provides technical support to the Chairman, Commissioners and FCC Bureaus and Offices.

Mr. Knapp has been with the FCC for 42 years. He became Chief of OET in 2006. Mr. Knapp previously served as a Deputy Chief of OET from 2002 - 2006. Prior to that he was the Chief of the Policy & Rules Division where he was responsible for FCC frequency allocation proceedings and for proceedings amending the FCC rules for unlicensed radio frequency devices. Mr. Knapp was Chief of the FCC Laboratory from 1994 - 1997 where he was responsible for the FCC's equipment authorization program and technical analyses.

Mr. Knapp received a Bachelor's degree in electrical engineering from the City College of New York in 1974. He has received the FCC's Silver and Gold medal awards for distinguished service at the Commission. He was the 2001 recipient of the Eugene C. Bowler award for exceptional professionalism and dedication to public service and was the 2010 recipient of the Federal Communications Bar Association Excellence in Government Service Award. He was also the recipient of the WCAI 2010 government Leadership award and 2014 National Spectrum Management Association Fellow Award. In 2013 he received the Presidential Distinguished Rank Award for exceptional achievement in the career Senior Executive Service of the United States of America. He is a life member of the IEEE.
